

Wood's SMF-filter

Specifications	Filter material parameters
Weight: 150 g/m ²	Test velocity: 1 m/s
Thickness: 3-4 mm	Initial resistance: 14,60 Pa
Filter efficiency: G3	Dust holding capacity: 259 g
Remarks: First level filtration	

Card board specifications	
Grade: A	
Weight: 400 g/m ²	
Color: White	
Other properties: film coated to resist humidity
